

1. Please insert the hard disk into USB 2.0 port of your PC with USB cable.

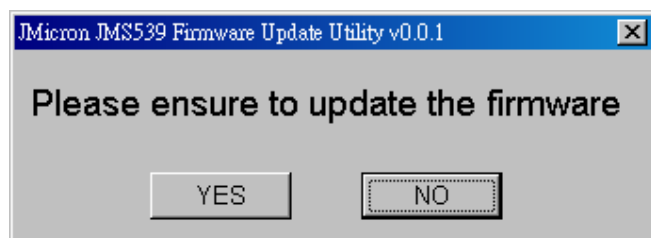

Please make sure that the hard disk can be recognized by your computer.

1. 請先透過 **USB** 連接線連結外接式硬碟於電腦 **USB 2.0** 連接埠上，確認外接式硬碟能在我的電腦下正常顯示。

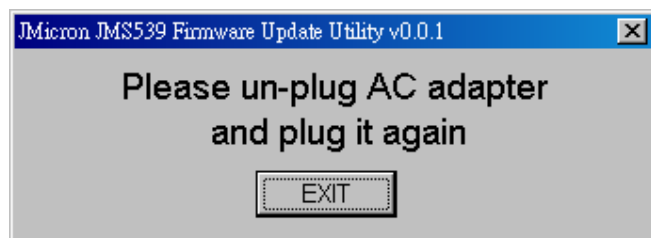

2. Please launch the Firmware Update tool, and click “YES” when the screen pop up.

請執行 **A80** 軟體更新程式，執行後，將出現軟體更新視窗：請按”YES(是)”

3. After completing the updating process successfully, please click “EXIT”

更新完成後，請按”EXIT (下一步)”

4. Please unplug your portable hard disk from the USB 2.0 port of your PC, and re-insert it into the USB 3.0 port of computer. You should then be able to use the portable hard disk without any question

請於電腦的 **USB 2.0 port** 移除您的外接式硬碟。現在，您可連接外接式硬碟於電腦的 **USB 3.0 port** 上安心使用。
